Stonemoor Day Care Centre Inc Program Statement

OUR MISSION

Meeting the current and future needs of the Durham community through leadership, co-operation, innovation and service excellence.

Capable, competent, curious and rich in potential; this is how Stonemoor Day Care Centre views children. We are committed to collaborating with children, their families and with educators to create high quality early learning and care environments that take a strength based approach to learning and development where children, parents and educators are co-learners.

How Does Learning Happen? Forms the Basis of our Programs

Using the common framework articulated in **How Does Learning Happen?** Stonemoor Day Care strives to support the children to achieve the following **goals** and will meet the **expectations** for programs building on the four **foundations** for healthy growth and development:

Foundations	Goals for Children	Expectations for Programs
Belonging	Every child has a sense of belonging when he/she is connected to others and contributes to his/her world.	Cultivate respectful relationships and connections to create a sense of belonging among and between children, adults and the world around them.
Well-Being	Every child is developing a sense of self and health and well-being.	Nurture children's healthy development and support their growing sense of self.
Engagement	Every child is an active and engaged learner who explores the world with her/his senses, bodies and minds.	Provide environments and experiences to engage children in active, creative, and meaningful exploration and learning.
Expression	Every child is a capable communicator who is able to express himself/herself in many ways.	Foster communication and expression in all forms.

Our Outreaching Strategies

Our Child Care Centres have incorporated and embedded the Early Learning for Every Child Today (ELECT) principles, along with the provincial pedagogy for early learning, to strengthen the quality of our programs and ensure high-quality experience that promote the health, safety, nutrition and well-being of children. To support and promote family time, Stonemoor Day Care offers 2 weeks holidays to families enrolled full-time in our Toddler or Preschool Programs. Our School age families operate on a "pay as you book" during non-instructional days.

Working collaboratively, Stonemoor Day Care Programs will plan for and create positive early learning environments that:

1) Promote the health, safety and well-being of young children, families and educators.

You will see:

- Well organized enriching environments with lots of materials that are easily accessible to the children.
- Healthy menus, following Canada's Food Guide.
- Children serve themselves whenever possible and are encouraged but never forced to try new foods.
- Lots of opportunities for gross motor play; children are encouraged to use their entire bodies to explore the world.
- plan for and create positive learning environments and experiences in which each child's learning and development will be supported and which is inclusive of all children, including children with individualized plans;

2) Support positive and responsive interactions between educators, children and families.

You will see:

- Our Parent Handbook provides the operational details of our programs, hours of operations, fee and payment processes, and outlines our operational policies so families know what to expect when they choose our services. The Parent Handbook is available in a hard copy or by email.

3) Encourage and enable children to interact and communicate in a variety of ways with each other, with educators and with their communities.

You will see:

- Many different ways for children to communicate their ideas, thoughts and feelings which may include; creative materials, sensory opportunities, communication with peers and educators, and science exploration.
- Information about local community events and support will be available for families.

4) Foster exploration and inquiry that is play based. Evidence from diverse fields of study tells us that when children are playing, they are learning.

You will see:

- Play that is supported by knowledgeable caring adults who view children as **competent, capable, curious learners that are rich in potential** offer environments with materials, space and time to encourage complex thinking and aid children to gain essential skills. These skills include: creative problem-solving, learning to get along with others, coping with challenges, overcoming obstacles, and learning to focus their attention. These are foundational activities that promote the development of literacy, numeracy and other important life skills.

5) Provide both the child initiated and adult supported experiences to foster development.

You will see:

- Weekly Program Plans are available with a variety of Educator planned activities that will be added to throughout the week as the children expand on the activities or move forward in new directions.

6) We follow the children's interests to plan and implement activities, as children and educators are co-learners.

7) Provide many opportunities for a range of experiences that support each child's learning and development.

You will see:

- A focus on learning through play with educators encouraging and supporting questions, answers and problem solving on the part of the children.

8) Incorporate a range of different learning opportunities including indoor and outdoor play, active play, quiet play, rest and quiet time considering the individual needs of children.

You will see:

- The educators offer a variety of materials and activities that will engage children to explore their environment.

9) Foster engagement of and ongoing communication with parents about the program and their children.

You will see:

- Parents have opportunities to converse with educators by phone, email or a scheduled time to meet.
- Families of Toddlers, daily communication will be provided by the Educators for parents.

10) Actively engage with community partners and provide opportunities for the children and families to develop close connections with a range of community supports.

You will see:

- Parents are welcome at any time.
- Use the community partners as a resource and support to families, children and educators.

11) Strengthen the capacity of educators to collaborate effectively with children, families and their colleagues through the provision of ongoing opportunities for continuous professional learning.

You will see:

- Educators encouraged and supported to attend professional development opportunities;
- Registered Early Childhood Educators (RECE'S) are required by their membership in the College of Early Childhood Educators to commit to their own ongoing professional learning.

12) Use many languages to document and review the experiences of the children and the educators in order to:

Enrolling your child

We would like to thank you for your interest in our Programs, and take the time to welcome you to Stonemoor Daycare Centre. We believe in the importance of being partners in caring for your child. Our Programs are intended to enhance your child's skills as all children deserve to reach their full potential through a curriculum that is based on the "How Does Learning Happen?" document that can be located on the Ministry of Education website.

You will be required to complete a registration package, and provide immunization records if your child does not attend elementary school prior to your child/children attending the program. The supervisor or designate will inform you of all policies and procedures, and provide a tour of the child care centre. This is a great opportunity for you and your child/children to meet the educators, and compile information about your child's specific needs – likes and dislikes, and what comforts your child. We would also like to take the time to offer a developmental assessment, called the Looksee Checklist for you to share information with us to begin to understand your child's skills.

We use a documentation online tool called Story Park.

Storypark – a secure, private online space to ensure your child receives the best support possible and that you are involved and up-to-date with your child's development.

Storypark provides each child with an online community which you (their parent/guardian) own and control who has access to, at no cost, for as long as you wish.

Items your child will need while in attendance at Stonemoor Day Care Centre

- Children require indoor footwear, a hard soled slipper or shoe is preferred.
- Full outdoor clothing suitable for safe outdoor activities. You may want to send mud pants for the spring and fall weather and rain boots. Hats, mitts, snowpants etc. dependent on the weather. We prefer neck warmers over scarves whenever possible.
- Weekly supply of diapers, if required.
- Full change of clothing, for children not attending school.
- We may ask that you supplement your child's diet, if there are restrictions we cannot accommodate.

Fee Policy

Stonemoor Day Care accepts cash or cheque.

Please make cheques payable to "Stonemoor Daycare Centre Inc".

Post dated cheques may be left with the supervisor of the program if you wish to do so. If a cheque is returned, a \$15.00 processing fee will be charged. After two N.S.F. cheques, cash or certified cheque will be required.

Receipts are issued for cash payments, and again at year end for tax purposes.

If any legal action is required due to overdue accounts, the costs incurred will be added to your account.

Children enrolled on a full-time basis within our Toddler or Preschool Programs, are entitled to two weeks holidays. If additional holidays are required, one half of the fees will be charged. The full fee is payable for statutory holidays and the Civic holiday.

Children enrolled in our Before & After School Programs are not entitled to holidays, but are able to participate in our "pay as you book" feature for School Holidays.

Children enrolled in our Cannington Nursery School or Uxbridge Public Nursery Program are asked to pay at the beginning of each month for the number of sessions their child is registered for each month. Families interested in applying for child care subsidy may do so by contacting Durham Region Child Care Division at 1-800-387-0642 or 905-666-6238.

September deposit in our School Age Programs

If your child will not be attending our program during July and August but will be returning in September a non-refundable deposit in the amount of your child's first week of enrollment will be required for deposit June 30th. This deposit will guarantee your child's place in the program for September and be applied to the first week.

Withdrawal Policy

Parents are asked to provide Stonemoor Day Care with TWO WEEKS written notice OR pay TWO weeks fees. If Stonemoor Day Care is unable to meet the needs of your child/family, we have the right to ask you to withdraw your child from the program. We will work with each family and any outside agencies to meet each child's developmental needs, if however we cannot meet your child's needs or the safety of your child is at risk and or the centres' safety, we maintain the right to ask that you find alternate care for your child.

Designated Holidays

Stonemoor Day Care observes the following statutory holidays:

New Year's Day	Family Day	Good Friday	Victoria Day	Christmas Day
Canada Day	Labour Day	Civic Holiday	Thanksgiving Day	Boxing Day

Arrival and Pick Up Policies

When dropping off your child in the morning please be sure that a staff member is aware of your child's arrival. NEVER allow your child to enter the centre on their own. In the event of an emergency, if the staff are not aware of your child's arrival they would not be counted in the numbers. When picking up your child please be sure that a staff member is aware that he/she is leaving.

Children are released to their parents or those designated by the parents on the registration form. If you need to send someone to pick up your child call the centre. We require the person's name, a physical description and when they arrive we will ask for photo ID. Generally we suggest that they know to bring their Drivers' license with them for this purpose.

Similarly, for single parents a custody order must be in your child's file if the other parent does not have access to your child.

Anyone picking up your child who is unknown to the staff will be asked for photo ID. If the person arriving is not on the pick-up list, and we have not received permission from either parent/guardian, the child will not be permitted to leave the centre. We will make every attempt to contact a parent/guardian to see if permission is granted. With this in mind please remember to inform us if someone different will be picking up your child, and ask them to bring in their drivers' license (picture ID). This will assist the staff with identifying who is picking up your child.

Please do not leave your car idling at any of our programs. We welcome other siblings, or relatives in the programs - please do not leave any children unattended in your vehicle.

Pick up and Late Arrivals

Stonemoor Daycare Centre Inc. opens at 6:30 a.m. and closes at 6:00 p.m. If your child will be absent we appreciate a phone call to inform us of your child's absence.

For the School age Programs, this will avoid staff looking for children who are not at school and ensure the safety of all children in our care. If your child will not be in attendance before school as usual but will be attending the program after school it is a good practice to keep the staff informed. While they will always check the children's attendance at school communicating ahead of time will ensure that everyone is aware of the child's schedule. In the same respect if your child is not returning after school we ask that you inform the supervisor of your child's program. This again will ensure the safety of all children.

All programs close at 6:00 pm. If you are going to be late or are sending someone else to pick up your child we ask that you call the centre before 6 pm. The staff will need the name of who is picking up or they will not be able to release your child. If we have not heard from a parent / guardian then we will contact you to confirm the name of the person who has arrived to pick up your child. If we cannot reach the parent/guardian then we will call the emergency contact to confirm who is picking up the child. We realise that there may be times that you are unable to arrive on time. We ask that you have a plan as to who you can call to assist with pick up if this happens. This allows the staff to prepare the child for a longer day and to reassure the child as to who will be coming to pick them up.

Late fees will be charged for late pick up and the fees are as follows.

6:01 to 6:10 = \$5.00

6:11 to 6:20 = \$10.00

6:21 to 6:30 = \$15.00

After two late fees (Jan. To Dec.) the fee charged will change to \$1.00 per minute. All late fees are payable by cash, directly to the staff on duty. The staff will ask you to sign a late pick up form.

If the staff are unable to contact a parent/guardian or emergency contact the staff will call the police to inquire about traffic accidents and if needed the CAS for guidance as to what procedures should be followed next.

Stonemoor Staff would hope that these emergency measures would never have to be implemented, but the policy is in force for the protection of your children and the staff on duty

Wait List Policy

All program sites for Stonemoor Daycare maintain a Wait list of children wishing to enrol in the program.

There is NO COST to be placed on the waitlist. For someone to be placed on the wait list, we require the child's name, date of birth, type of enrollment required and a Parent/Guardian's contact information.

Families can phone or email to have their child placed on the list. The wait list will be kept in a secure place to maintain confidentiality at all times.

Families will be placed on the waitlist in order of the date they inquired and ask to be added. Families will be able to access the waitlist with the supervisor to see where they are on the waitlist. The information will be provided in a manner that maintains the privacy and confidentiality of the children listed on it, but that allows the position of a child on the list to be ascertained by the affected persons or families.

Home Toys

Children often feel the need to bring something from home to comfort themselves at rest time or just to have a reminder from home. When your child is deciding on what to bring keep in mind it is best not to send anything of great value to the centre as we cannot guarantee that items will not go missing from time to time. Please label **all** items (blankets, clothing, etc) your child may bring into the centre.

Bagged Lunch Policy

When your child attends the program for a full day, you are required to provide a bag lunch.

(exceptions: Davis Drive and McCaskill's Mills Programs)

- Each program will provide families with current anaphylactic causative agents to follow when packing your child's lunch
- Follows Canada's Food Guide
- Lunches will be kept in the fridge
- Stonemoor will supply milk and fruit or vegetable strips

In the event that a child forgets to bring a lunch, we will have a lunch prepared for the child that follows the same protocol as stated above.

Breakfast is served 6:30 to 7:30 daily. In the event that a bag lunch is forgotten we will have a lunch prepared for the child. Morning and afternoon snacks will be supplied. There will be special lunches arranged from time to time i.e. pizza day, sub day etc.

Electronics

Stonemoor Daycare believes that school age children do benefit from electronic education. The children will be encouraged to participate in the social activities offered throughout the classroom, so the time spent on devices is limited. Please keep in mind, Stonemoor Daycare will not be responsible for any loss, broken, or damaged items. The children will be completely responsible for their own items if they choose to bring them.

Medications

A medicine form must be filled in prior to your child having their doctor prescribed medicine administered. Only medications prescribed by a doctor, accompany a doctor's note or Homeopathic medications will be administered. Medications must be in the original container, with the child's name, type of medication and the dosage and time it is to be given. Medications must be stored in a locked box.

A playground log repair is maintained to ensure concerns are repaired. Children receive an hour of outdoor play morning and afternoon weather permitting.

All playground structures will have plans submitted to the Ministry of Education and the Health Department prior to installation. The Ministry of Education and the Health Department will also be notified of any renovations, repairs or surfacing changes prior to usage.

Playground Safety Policy

A playground log will be kept on site to record any playground injuries separate to the accident book. **Staff ratios will not be reduced during** outdoor times. Staff will provide developmentally appropriate activities such as the parachute, soccer, badminton etc., for the children to play with. The staff schedule and outdoor program plan will be posted and available for staff and parents to view. The children will exit their classroom and walk to the playground where they are going to play.

All staff will review the policy prior to commencing employment and annually thereafter. A written record of the review must be signed by the staff as well as the person who made the review and kept on file for at least two years from the time of entry. The playground policy will be available to the ministry for review at the time of the annual license visit.

Playground Safety Policy for School Age

Policy: All children enrolled in Stonemoor School age Programs will be provided an outdoor component to the daily program. When the program is operating for Before & After school only – they will have 30 minutes of outdoor time each day, weather permitting (unless otherwise approved by Director or parent or physician of child advised in writing). When the Program operates for a full day, the outdoor time is 2 hours daily. They make use of available green space. The supervisor or designated staff will use pylons to show as established boundary where the children will play. The supervisor or designated staff will do a grounds check within this boundary area, using a checklist and note any hazardous of objects and this will be kept on file for three years. All staff will review the policy prior to commencing employment and annually thereafter. A written record of the review must be signed by the staff as well as the person who made the review and kept on file for at least three years from the time of entry.

The children will exit the classroom and walk down the hall to the designated door to access their outside play space. Staff will adhere to each programs site specific guidelines.

Staff will provide developmentally appropriate activities for the children to encourage creative and constructive play. The staff will have activities such as the parachute, soccer, badminton, etc., for the children to play with. The staff schedule and outdoor program plan will be available for staff and parents to view. **In the event of adverse weather** (ie. Smog alerts/U.V. alerts, etc) staff will reduce the length of time children are outside, if not able to go outside – staff will implement indoor gross motor activities.

If the Ministry of Education makes changes to our licensed play space, we will inform the Ministry of Education and the Health Department in order to gain approval to continue the use of space. The playground policy will be available to the ministry for review at the time of the annual license visit.

Washroom Access during outdoor play – If a child requires the bathroom and a staff member is not able to escort them to the bathroom, then the staff will send the child with another child and record what time they leave the room and expect them to return within 10 minutes. If they have not returned within the designated time the staff will organise the group to check on them.

In the event that the children are on a planned outing and there is a playground available, the staff will first complete a visual check and complete the checklist to ensure safety for the children. If the play area does not pass the checklist, the children will not be granted permission to use the playground.

Procedure: The visual checklist will be completed by the supervisor or designated staff each day before the children access the play area. The supervisor will follow through with any and all concerns by reporting such concerns to the township office, arena staff, or school board.

School Age Supervision of Unfenced Outdoor Play Area

Children in the FDK program that do not have access to an outdoor fenced in play space, will follow these guidelines. The staff will place markers in the green space to indicate where the children can play and staff will situate themselves so that they can supervise the area safely and see all students.

School Age children 6 – 12 years will be shown the designated green space when they go out to play in an area separate from the children in the FDK program. The staff will indicate the boundaries to the children and will situate themselves so they can supervise the space safely and effectively.

A variety of outdoor equipment (Balls, hoops, parachute etc.) will be available to the children to play with.

Staff will not congregate together during supervision of outdoor play.

Sun Safety Recommendations

When the UV index is 7 or higher, we limit the children's exposure to sun between the hours of 11 am and 4 pm. We will apply sunscreen to children with signed permission from their parents. Cool water to drink will be available for the children.

We encourage children to have sunscreen applied prior to arrival in the am to ensure application is done 15 to 30 minutes before sun exposure as during the summer months outdoor time is earlier to avoid the hottest time of the day.

We also encourage children to wear a wide brim hat to help shield their neck, ears and cheeks. Sunglasses that are unbreakable and have 100% UVA or UVB protection are recommended. There will be cool water available for the children to drink at all times. In programs operating more than 6 hours, the staff will ensure that children apply sunscreen in the afternoon 15 to 30 minutes before sun exposure.

Field Trip Policy

The school age children may organize Field trips during the summer months and some PA days, March Break etc. A permission form indicating where the trip will take place, the form of transportation and time of trip will be indicated on the permission form.

Visitors to the programs may also be organized and enjoyed by all age groups.
